Subject: Nomination of Ben Haag
Importance: High

Hi Larry,

How do I formally nominate someone for baccalaureate student of the year. I want to nominate Ben Haag. He has just finished his degree requirements and achieved all A's in his major field. Ben has three published papers on the web-site (huge accomplishment). He was able to complete this while working a full and part time job (hard scheduled) and maintaining a home life with 3 adolescent children that are very involved in different activities. Ben planned, executed, and accomplished his degree in much the same fashion a lot of us did; always doing more than expected, never settling for meritocracy, and putting forth the maximum effort in getting "MORE" than just a degree. He put in the effort and will use these lessons to better himself and the fire service as whole. Again, please let me know what steps I need to take to make this happen. Thank you sir!
