International students should use our new online portal iEngineering eForms: [https://www.ceas3.uc.edu/iEngineering/](https://www.ceas3.uc.edu/iEngineering/) to submit any of the below listed requests for College approvals.

- Curricular Practical Training (CPT)
- I-20 / DS-2019 Extension
- OPT Requests (Pre, Post and STEM Extensions)
- Reduced Course Load (for Academic Reasons)
- Reduced Course Load (for Medical Reasons)
- Letter requests

In order to submit an eForm request, first go to iBearcatsGlobal and click on the "login" button and complete your request through the international office.

Upon completion of the iBearcatsGlobal, submit the iEngineering eForms [https://www.ceas3.uc.edu/iEngineering/](https://www.ceas3.uc.edu/iEngineering/) request. Use your UC login to access system.

This new system will allow students to submit requests electronically. Please be sure to carefully read all instructions and upload any required documents. If supporting materials are missing the request will be declined or stay pending. Log-In to check the status of your iEngineering eForms request. Please allow our office 3-5 working days to approve requests and then the iBearcatsGlobal approval may take an additional 5-7 days, for most requests.
